

Ignatian Way 2022 Progress Report

After two very difficult years for the Ignatian Way (2020 and 2021), in which the presence of pilgrims was a long time coming, we can say that we ended 2022 with the pleasant surprise of reaching 2,079 pilgrims in just one year. Compared to the mere 349 recorded in 2019, we can say that 2022 has represented a true surge in pilgrims. Welcome!
