

Manresa 2022: the Ignatian city in the heart of Catalonia.

Preparing to welcome back the pilgrim Íñigo de Loyola, Manresa never ceases to amaze us: new visit itineraries, new approaches to the life of the Saint, celebrations linked to Saint Ignatius, conferences and meetings that enhance the spiritual value of the Ignatian tradition ...

Manresa, the city that smiles with the joy of the visit of pilgrims from all over the world who come to it. Manresa, the city that inspired Íñigo and that continues to inspire many people. Manresa, the city that enjoys small things, with the simplicity of San Ignacio. Manresa, the city that beats in the heart of Catalonia for all of us.
