

Words of Fr. Provincial of Spain on the Ignatian Way

On September 19, Ignasi Miranda, journalist of the program “Conexiones” of Radio Estel, spoke with the Provincial Enric Puiggròs SJ about the past, present and future of the Ignatian Way. Enric Puiggros SJ. recalled the commemoration in 2022, the V Centenary of the journey that St. Ignatius made, from Loyola to Manresa. With a history of 500 years, the figure of Ignatius - and his spirituality at the center - is recovered today for those who, on pilgrimage, seek to relive his story in their own lives, open to transformation, to constant search, connecting with their inner selves and deepening their experience of God.
