

Pilgrimage with Denver Saint Regis students

Lyn Tran, one of the members of the 2015 Regis pilgrimage made a presentation of the experience and the conclusions. She said «Thank you for this amazing camino. I have learned so much from everyone and have gained an amazing experience this time. Do you remember the 1st night in Loyola when I shared about my puzzle with its missing piece? I did not find that missing piece through this camino, but I found peace with it knowing that God is holding it in His hand and waiting for me at the end. I am totally satisfied with this pilgrimage.»
